

**NAHDO dedicates  
this meeting in  
honor of Linda  
Bartnyska  
2018**

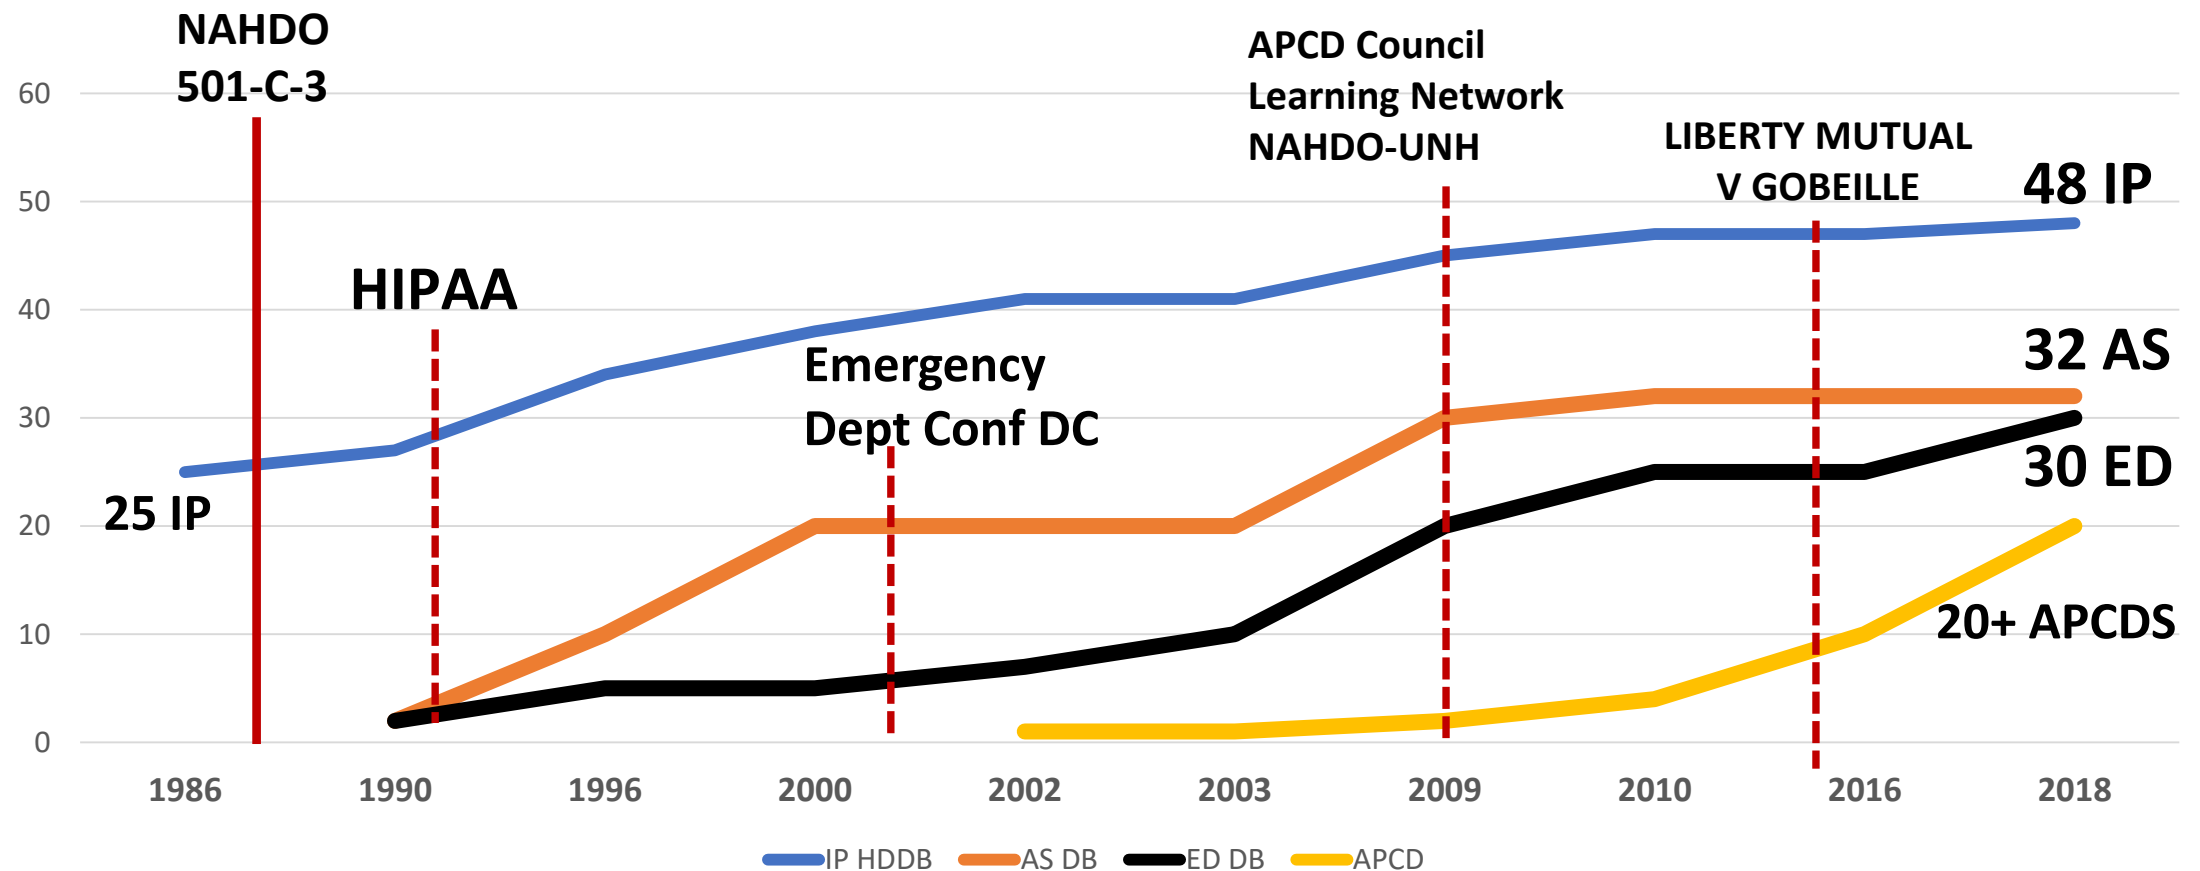

# Meeting Attendees: Newbies and Frequent Fliers

# Data access/release: *how to balance privacy with public reporting*

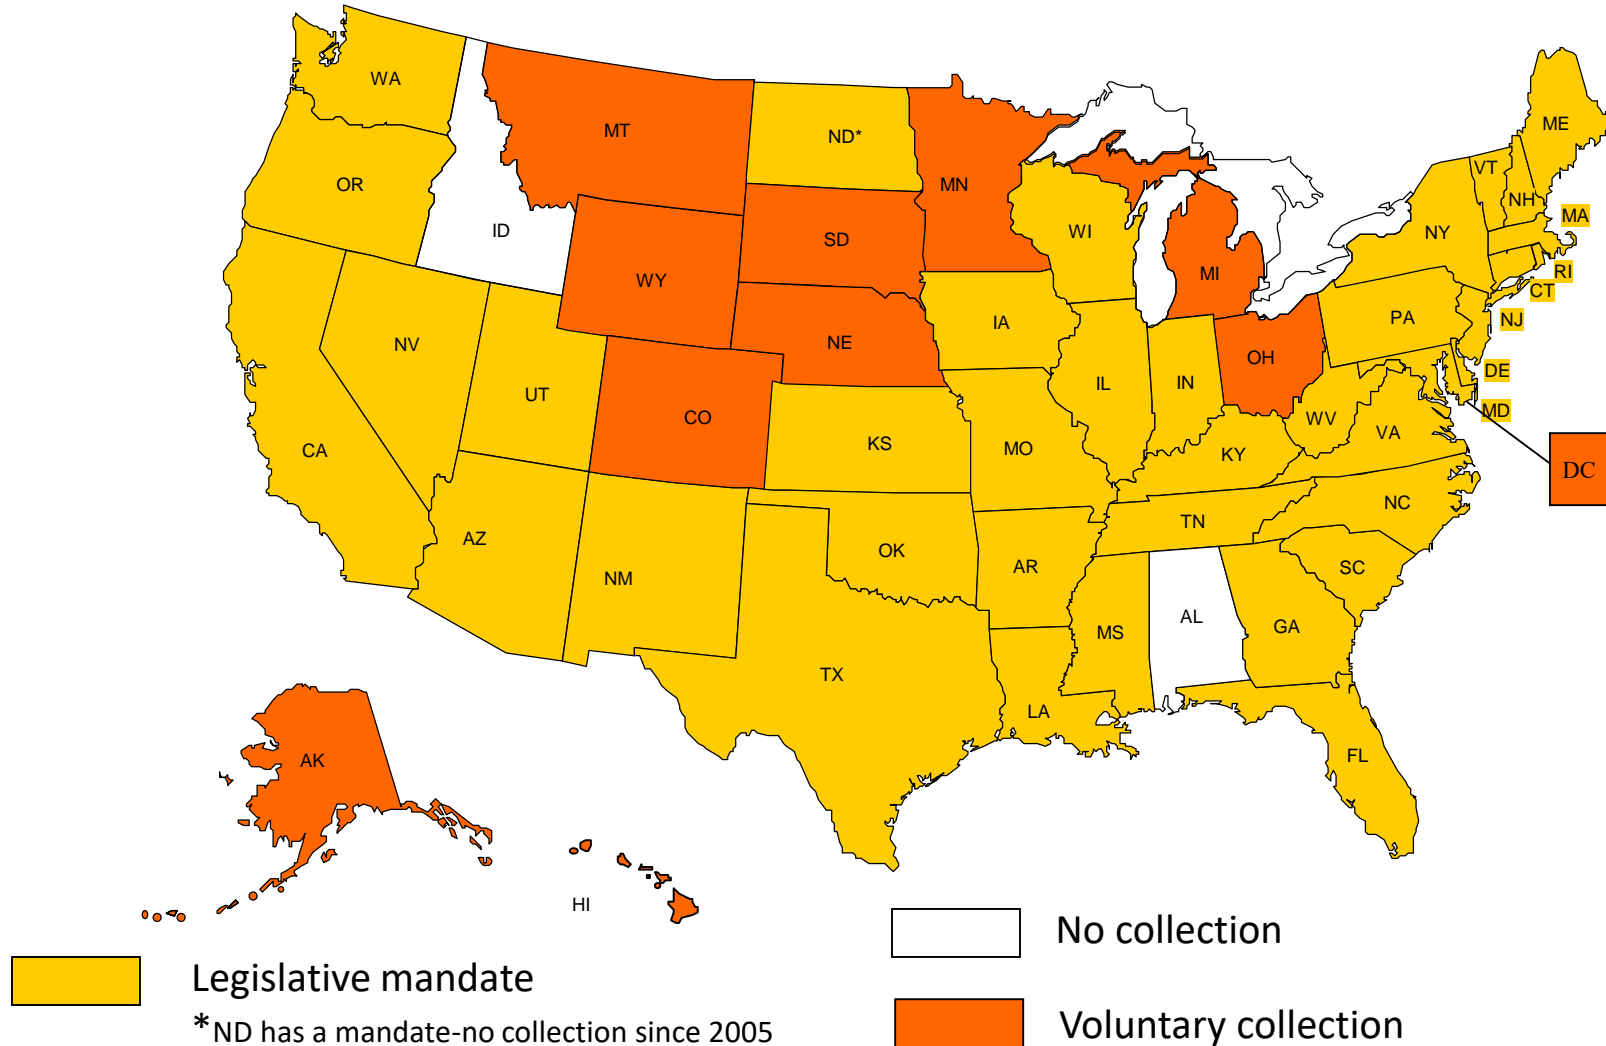

Data Collectors	Data Users	Explorers/Others
PHI and privacy-related	How to access/use public data sets	Governance options
Lack of funding (affecting timeliness, analytics, release)	Variation in everything across states	Still learning
Medicaid data access/use	Lack of de-identification definitions and practices	Political pressures
Need for standardization	Need for interoperability across states	Resistant payers
Communicate benefits to lawmakers	Cost of data sets	Ill-informed citizens
Data gaps (ERISA, carve-outs, federal data)		
Payer data quality		
Lack of trust
